Megan Irving
Principal
Menzies Community School
C/- Post Office
MENZIES WA 6436

Dear Megan

I refer to the one year follow up review for the teaching quality and student achievement and progress domains following Menzies Community School's Public School Review in Term 2, 2025.

I am advised that Danielle Roache, Director, Public School Review and Danielle Woodhouse, Principal, Wyndham District High School, met with you, and members of staff, to consider the extent to which the school has made sufficient and sustainable progress against the report's recommendations for the domains listed above.

The advice received confirms the school has demonstrated sufficient and sustainable progress towards meeting the Standard in relation to the recommendations in each domain.

I note the work you have undertaken to establish clear and documented whole-school expectations for teaching and learning, supported by operational planning, scope and sequence documents, and staff induction procedures. It has been reported to me that these initiatives have provided staff with increased clarity, direction and guidance, contributing to greater consistency of practice and a stronger collective commitment to the school's improvement agenda.

I am advised that the implementation of consistent whole-school assessment processes has strengthened staff confidence in using student achievement and progress data to inform teaching and learning. The literacy and numeracy leadership roles have been instrumental in this work through ongoing coaching, modelling and support.

Menzies Community School is to be congratulated for its professional commitment by first, noting the areas for improvement and second, implementing strategies that have resulted in the improvements desired. Attached is a summary of the review that may support your school's continued progress towards sustained improvement.

The next Public School Review of Menzies Community School inclusive of all domains, is to be scheduled for 2028. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I wish you and the staff continued success in your endeavours to provide high quality education for your students.

Yours sincerely
